

PROJECT

FLOURISH

A circular icon with a green border. Inside, there are three stylized orange buildings of varying heights. Below the buildings, there are three green roots extending downwards into a light green area representing soil.

CULTIVATING NEW IDEAS FOR THE GOOD OF THE CITY

HAVE A GOOD IDEA?

Project Flourish invites individuals and teams from the Houston region to submit proposals for renewal in Houston and the world. Project Flourish will help launch the best ideas by connecting selected applicants to the social, intellectual, and financial capital of First Presbyterian Church of Houston.

Selected applicants will be assigned a team of mentors from FPC with expertise in mission, program management, business planning, finance and operations. They will gather with peers for workshops to share ideas, build community, and receive additional support and coaching.

Semi-finalists will then pitch their proposal to a panel of judges and be eligible to receive a portion of **\$250K** in grant money, plus assistance in project launch.

Learn the details and apply with your idea at
projectflourish.org
